# Palau National Marine Sanctuary

© 2015 The Pew Charitable Trusts

On October 28, 2015, President Tommy E. Remengesau, Jr. signed into law the Palau National Marine Sanctuary Act, one of the world's most ambitious ocean conservation initiatives to date aimed at not only protecting Palau's marine resources, but also at protecting the world's tuna stocks.

This landmark legislation creates a no-take Marine Sanctuary (approximately 500,000 square kilometers) covering 80% of Palau's Exclusive Economic Zone (EEZ), in which no fishing will occur, and creates a Domestic Fishing Zone covering approximately 20% of Palau's EEZ in which traditional and domestic fishing activities will be allowed to provide fish solely for the domestic market.

# Responsible Tourism

Thank you for visiting. While you are here, we want you to have an enjoyable time visiting our spectacular islands. For generations the Palauan people have taken great care of the wonder that you see around you. We hope that you will help us continue to do so today. By being a responsible visitor, you become a partner in our community efforts to conserve and protect Palau's rich biodiversity, and natural heritage.

**Please follow the tips below to ensure that Palau continues to be "Pristine Paradise.Palau".**

## **Learn about Palau and our culture**

- Take a few minutes to learn about our rich culture and traditions
- Dress and behave appropriately in villages, religious and cultural areas
- Respect personal boundaries. Do not enter private properties

## **Take care of our environment**

- Dispose of rubbish properly, recycle where possible
- Mindful use of resources: minimize water and energy usage
- Apply the 4 R's: Reduce, Reuse, Recycle and Refuse (ie. plastics)

## **Protect wildlife**

- Do not touch, handle, stand on any species from the reef, including corals and other marine species such as turtles, clams, sharks, etc.
- Do not hunt, buy or eat endangered species and feed or disturb wildlife

## **Support local initiatives**

- Purchase local products, arts and crafts, but not products from endangered species such as turtles, clams and corals

Thank you for guaranteeing that your visit is a positive experience for both you and the people of Palau.

# REAL FISHERMEN

Ebiil Society is a non-profit organization based in Ollei, Ngarchelong State. The main purpose of this society is "To preserve and conserve natural and cultural resources of Ngarchelong State that will in turn provide for sustainable livelihood of the people of Ngarchelong and the Republic of Palau".

One of the main programs of Ebiil Society is promoting sustainable fisheries in the Republic. With such purpose, Ebiil Society is in partnership with various local fishermen, Northern Reef Cooperation and Real Fisherman - South in promoting such purposes.

| Green Fee:         | US\$30.00        |
| <b>TOTAL FEES:</b> | <b>US\$50.00</b> |

## WHAT TO WEAR

- Year-round annual mean temperature of 82°F (28°C). Wear island casual, but please no swimming suits or short shorts/skirts in towns or villages.
- Annual average rainfall is 150 inches - bring a waterproof raincoat. The average relative humidity is 82% and although rain falls more frequently between July and October, there is still much sunshine. Typhoons are rare as Palau is located outside of the typhoon zone.

## CURRENCY & CREDIT CARDS

The official currency is the US Dollar. VISA, JCB, and MasterCard are widely accepted at stores and visitor facilities. There are FDIC insured banks and major hotels with limited foreign currency exchange and ATM machines.

## LANGUAGES TO KNOW

- English is spoken widely and Palauan is a fun language to learn.
- Many service providers speak English, Mandarin, Cantonese, or Japanese.

## MEDICAL CARE

- Palau has 1 hospital, the Belau National Hospital (BNH) for outpatient and emergency cases.
- For diving emergencies, there is an operational Hyperbaric Chamber which is also located at the BNH.
- There are Ministry of Health dispensaries in Babeldaob, Peleliu, Angaur, and Kayangel.
- Palau also has 3 private medical clinics, one of which is open evenings.

## ABOUT HANDICRAFTS

Items of local arts and crafts include storyboards, jewelry, wood carvings and woven items.

*Note: Items manufactured from turtle shells are banned from entering the United States and many other countries. For seashells, please bring all seashells to the Bureau of Marine Resources to obtain the necessary export documents before taking any out of Palau. For information regarding exporting seashells and types of seashells allowed for export, please call the Bureau of Marine Resources at Tel: +680 488-3125/6994/2897.*
